

# Universal Horizontal Press

EVERGREEN PH Series

Punch tool for flat bars

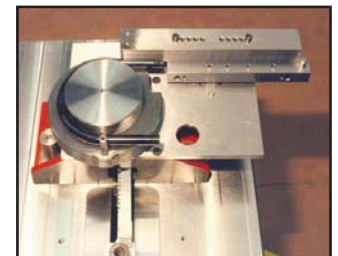

Bending tool for flat bars

The EVERGREEN PH Series features fully hydraulic horizontal presses with four different thrust capacities: 17, 32, 40, and 62 ton models are available. Our horizontal presses can be equipped with various tooling accessories to accommodate your application. Available tooling accessories: tube and plate punch, tube and bar bender, tube and plate shear, bar straightener, hinge tool, pipe notcher, ornamental element dies, and more. Designed for accepting all of the available tools, the PH series machines feature quick and easy changeover. The machine's compact electrowelded structure allows for easy access to the work area. Our EVERGREEN PH-62 has 3 working speeds: 20 mm/sec., 35 mm/sec., and 40 mm/sec. Optional: Any horizontal press can become an automatic machine when coupled with the Speedy feeder.

Hinge tool
